

Tell Scomo to have a heart!
Don't cut money from our Kinders!

Today, all four-year-old children have access to
15 hours of government-funded kinder per week.
But this is under threat.

The Federal Coalition is planning to cut their share
after December 2020. To cover this, families will face an
extra \$2000 in costs per child, per year on average.

This means some of our kids will simply miss out
on valuable early education.
